Willoughby Hills Service Department

2015 Annual Report

2016 Plan for Roadwork/Storm Water Projects
Equipment & Vehicle Replacement

Submitted by Mark Grubiss Service Superintendent

February 27, 2016

February 12 2016

Mayor Weger;

You have asked me to prepare the Annual Report for the Service Department. Please find this document attached.

ROAD WORK

*Patched/Sealed RT 91 from Classic Lexus to White Road.

*Pavement markings were completed within the City limits.

*Rebuilt the cul de sac at the end of Stark along with patching the entire street.

*Replaced a total of 6) catch basins on Curtis Wright Parkway.

*Eagle Road install new curb (110') also remove / replaced the guardrail also.

*Crack Sealed RT 6 East bound from City Hall to Worrell Road. Also Florence Dr. Loreto Dr. Timberline Dr. RT 6 from 91 to Bishop Road in the center lane. Hanna Dr.

*Replaced 2) large sections of Bishop Rd. with concrete. (By Dunkin Doughnuts).

* Milled all speed bumps on RT 6 to help cut down on all the severe bumps.

* Milled/patched various streets throughout the city Trabar, Eddy Rd, Bishop Rd, White Rd, Canterbury Ct, Timberline DR, Jenny Lane, Somrack, Loreto, Florence, Beach hills, Glen Gate, Trailard, Kennelly, Red fox, Evergreen, Legend Lane, Hayes .

*Also paved (5) driveway aprons from the 2014 Rogers Road Project

*Resurfaced Eddy Road from 271 bridge to Rockefeller.

*Resurfaced Pleasant Valley Road from Dodd Road to RT 6.

*Rented chipper and trimmed the entire west side of town to the back of the R.O.W. Then moved to the east side to start there complete 25%.

* I wanted to let you know that we spread a total of 733.83 tons of asphalt by hand.

STORM SEWER PROJECTS

*Dredged Pine Valley Outfall. (County Reimbursement complete)

*Replaced Crossover on Timberline Drive. (County Reimbursement complete)

*Eagle Road project new curb and additional drainage. (County Reimbursement complete)

*Dodd Road cage replacement and mainline sewer repair.

*River Road North 24" Storm sewer cleaning 7 week duration all heavy debris was removed. Still needs to be televised when weather breaks.

*Lamplight Culvert Replacement and restoration. (Complete County Reimbursement)

February 12 2016

*K'necht O'Brian storm sewer project. (Complete County Reimbursement)

*Ditched a total of 5,717 feet throughout the City. (Kudos to the crew)

*Worrell Road sinkhole repair. (County Reimbursement complete)

*Replaced 120' of mainline storm sewer on Trabar.

SANITARY SEWER

*Cleaned 85% of all Sanitary Mains and all pump stations throughout the City.

*Replaced broken lateral at 28758 Chardon Road (private contractor do to the depth of 15,)

WORK ORDER LOG

This report contains our "Work Order Log" which identifies work orders that were called in to the Service Department for resolution. In 2015, there are 326 on the Work Order Log. These represent many resident calls, as well as calls for work needed on the City Hall and the Community Center grounds. I ensured that all the work orders were put on a spreadsheet for easy access in the event that the resident/City Hall worker can call back for a status. Sharen Michney in our Finance Dept. put it on a shared drive so that this log can be viewed in the Service Department, Building Department, Finance Department and the Mayor's office since the calls normally are handled by all of these Departments. This makes it nice for the resident being able to get a quick answer, rather than leaving messages or not getting back to them. Once the spreadsheet contained all of the work order sheets, I was able to review it and make sure that the work orders get scheduled and completed in a timely manner. This meant visiting many of the locations or following up with the residents. I believe the Work Order Log is now in great shape and is an excellent reference tool. It brings a true appreciation to the variety of issues and concerns that we handle on a daily basis.

YARD/CLEAN UP

All extra equipment that is not needed will continue to be surplus as we move forward with the cleanup of the back yard. We have made great strides this past year to get it cleaned up so that we have more room. Also eliminating oil and rust run off of unused equipment and materials just laying around not being used.

Please let me know if you have any other questions when you read my report.

Thank you.

Mark Grubiss, Road Superintendent

FINANCE DEPARTMENT/MAYOR

2016 WISHLIST

1) LOOKING TO PURCHASE A NEW HIGHFLOW SKIDSTEER WITH THE FOLLOWING ATTACHMENTS
    A. 24" MILL FOR GRINDING OUT ROADWAY ($22,OOO.OO)
    B. PICK UP BROOM ($8000.00)
    C. MODEL 262 SKID STEER ($50,000.00)
2) NEW ONE TON DUMP TRUCK TO REPLACE OUR 2008 TRUCK
    A. NEW TRUCK 4X4 WITH PLOW APPROX ($65,000)
3) NEW 5 TON PLOW TRUCK TO REPLACE TRUCK #3 OR #4
    A. NEW CAB AND CHASSIS APPROX ($110,000)
    B. NEW SNOW AND ICE PACKAGE STAINLESS STEEL APPROX ($80,000.00)
4) 2 NEW ¾ TON PICK UP TRUCK TO REPLACE THE 2006 F-350 4X4 AND OLD FIRE TRUCK PICK UP
    A. NEW TRUCK 4X4 APPROX ($50,000.00)
5) NEW INSULATED GARAGE DOORS FOR THE MECHANICS SHOP
    A. NEW DOORS APPROX ($15,000.00) 3 OF THEM WILL BE MANUAL. ONE OF THEM WILL HAVE An OPERATOR/REMOTE
6) SMALL SANDBLASTING CABINET APPROX. ($2000.00)
7) NEW AIR COMPRESSOR 175PSI 90 GALLON TANK TO REPLACE 15 YEAR OLD COMPRESSOR ($2500.00)
8) SCAN TOOL FOR MECHANIC FOR DIAGNOSEING VEHICLE PROBLEMS
    A. SCAN TOOL COMPUTERIZED ($10,000.00)
9) 2 NEW CHAINSAWS @ ($600.00 EACH)
10) 2 HAND BLOWERS @($200.00 EACH)
11) TRAILER FOR ONE TON CAPABLE OF HAULING 8500 LBS APPROX ($10,000.00)
12) NEW 72" RIDING ZERO TURN MOWER TO REPLACE THE 2002 SCAG
13) GAS AUGER ($2500.00)
14) NEW PUSH CAMERA TO UPGRADE OURS WITH JUMP DRIVE CAPABILITIES COLOR AUTO LEVAL
    A. CAMERA ($8000.00)
    B. MAINLINE CAMERA 4X4 PLUS TRAILER. (50,000.00)

Work Schedule for 2016

1. Go around and repair and clean up from all plow damage from winter season.

2. Check all roads for potholes and make all repairs.

3. Continue to keep the work order log up to date.

4. Crack seal all roads. This will be done in two (2) week increments. (This is going to be priority to prevent heaving and cracking this coming winter season.)

5. Work on tree trimming throughout the city. This will be done in one month increments due to the rental of the chipper.

6. Work on ditching throughout the city. This will be done as fast as the work orders come in or depending on project schedule.

7. Repair all sink holes and pot holes from the cold season. Also look at completing RT 91 centerline patching if road is not complete this year.

8. Re-roof 3 buildings out back. Shingles are in rough shape and plywood is rotten and needs to be replaced.

9. Work on storm sewer projects throughout the city.
   * Pipe River Road south from RT 6 to the bottom of the hill. Roadway is affected and is washing out.
   * Pleasant Valley Road east of the one-way bridge. Old pipe is in bad shape and is washed out. This is also effecting the roadway.
   * Pleasant Valley Road Dam needs to get attention. It is washing the roadway out as well. I would like to fill the dam up with large concrete pieces to slow down the wash out process. This will help the budget if I can get the concrete for free.

10. Go around City Hall and replace all lights with LED bulbs. This will also be happening in the Police Department. I will be getting a quote soon to commence this work. I also want to let you know that with this process we are able to utilize our existing fixtures that are in place now. When this is complete I will be getting a quote for the Community Center. This work will be done by the Service Department. This will also eliminate cost by not having to pay somebody else. There will also be a significant cost savings in the electric bill.

11. This year we have been asked to help out the Baseball League with revamping the fields (i.e., drainage, dirt, regrading). We will be doing this A.S.A.P before we get into our spring schedule. This will allow plenty of time for settlement in the field area. All material will be purchased by the Baseball League (labor, material, fuel).

2015 SERVICE EXPENSE SUMMARY

I JUST WANTED YOU TO SEE ALL THE COSTS THAT WE ARE PUTTING INTO THE FOLLOWING VEHICLES. #203, #204, AND #215 THIS DOES NOT REFLECT THE COST OF ANY LABOR BY OUR SHOP MACHANIC. AS WE MOVE FORWARD I REALIZE WE CANNOT AFFORD NEW VEHICLES. HOWEVER WE WILL BE PUTTING MORE MONEY INTO THEM THAN THEY ARE WORTH.THESE VEHICLES WILL NOT BE WORTH MUCH AT THE TIME OF SURPLUS. I JUST HAD A BERRING GO BAD IN TRUCK #203 WE REPLACED IT. DURING THE REPLACEMENT WE NOTICED THAT THE TRUCK IS VERY ROTTED UNDERNEATH AND WILL NEED A LOT OF ADDITIONAL PARTS. TOM DID THE RESEARCH ON THESE PARTS IF YOU AD IT UP IT WILL BE ANOTHER $10,000.00 DOLLARS. NEEDS STEERING BOX $1000.00. BED LIFT CYLINDER $3000.00. RETURN HYDRALIC SYSTEM $1000.00. EXHAUST SYSTEM $1000.00. PRIMARY HYDRAULIC PUMP $2000.00. CAB/BED OF TRUCK ARE ALSO VERY ROTTED. I BELIEVE THIS TRUCK CAN MAKE IT THROUGH THIS SEASON. IF IT SITS ALL SUMMER TILL NEXT YEAR IF AFRAID IT WILL BE WORSE. THIS IS STRICKTLY A SALT TRUCK AND IS NOT USED THROUGHOUT THE SUMMER.

IF YOU HAVE ANY QUESTIONS FEEL FREE TO CONTACT MY SELF OR TOM.

SERVICE SUPERINTENDANT MARK GRUBISS
