

New for 2017 - Trunk or Treat  
Tuesday, October 31<sup>st</sup>  
6:00 – 8:00 pm

### Community Center Parking Lot

Since there are no sidewalks and the driveways are so long in the City, and it makes it difficult for the kids to go house to house Trick or Treating, we would like to offer a solution. This solution would also benefit the residents that would like to get involved and see the kids in their costumes, but do not get many trick or treaters. On October 31<sup>st</sup>, we will setup the Community Center parking lot on Halloween for the residents/cars that register to hand out candy from 6:00 - 8:00 pm. The vehicles pull in face first so they can hand out candy from their trunk, which becomes TRUNK OR TREAT. Separate parking will be setup for the families that would like to trick or Treat. We will provide an application for the residents that would like to handout candy so we can be sure to have the lot ready. The registered cars can also decorate their vehicles to win prizes. Car Registration forms can be found online or at the Community Center – be sure to watch our website, Community Channel and our Facebook page.
