"Betsy Ross and the First Flag" a glimpse into our American past.

Some people say she made the first flag; others say that this is just a legend!

Whoever is right, Betsy Ross was an American woman who lived during the time of the Revolutionary and showed her patriotic spirit in many ways. Her meeting with General Washington is a charming account of a treasured story occurring during this dramatic time in our American History.

Presenter.....Carolyn Villar Patton is a long time resident of Willoughby Hills. Having taught for 30 years, 23 years being in Special Education for Wickliffe Schools, she has a keen interest in American History and enjoys telling others why.
