PUBLIC PORTION #1 (Audio: 8:22-12:24)

An opportunity for the public to address Council concerning anything pertaining to tonight's agenda

Public Portion opened at 7:08 p.m.

Jenna Bing, 36951 Beech Hills Drive, Willoughby Hills, OH – Ms. Bing spoke of the Budget being on First Reading tonight. She believes Finance Director Brichacek has told her before that “there is a lot of non-operating expenditure in the budget. For example, there is some kind of unclaimed money trust that is like \$40,000 in the budget and it is always like \$300.” She questioned if these are “slush funds” or funds “to hold money in case we need something.” She would prefer a “realistic budget.” Ms. Bing said she did not understand “WHISPER funds being put in the budget as non-operating expenditures.” She did not believe that the fund would ever spend \$26,000 and believes it never spent that “in its heyday.” She would prefer a more realistic budget and, if you wanted to have a “slush fund,” call it “money in reserve.” Ms. Bing said she was a “little confused in the Recreation Fund” with \$75,000 in a non-operating expense. **Council President Hallum** attempted to explain to Ms. Bing that any funds that are donations may be classified in that manner and any particular questions she has should be directed to Finance Director Brichacek. Ms. Bing said she would prefer to send them to Council who would be approving the budget. **Council President Hallum** agreed that they could be copied in on her request. She said she was “more than willing to do that.” Ms. Bing’s final comment had to do with the WHISPER Program when she stated that she thought it would be beneficial to touch base with and possibly partner with the Lake County Council on Aging for their thoughts and ideas.

Public Portion closed at 7:12 p.m.

MAYOR’S REPORT (Audio: 12:26-20:41)

- Welcome to Councilman Knecht and Law Director Lucas. “It is great to have you here.”
- Council received a memo to this effect earlier, but Mayor appointed Joanne Monaco as Clerk of Council since thirty days had passed without Council making the appointment. He was following the Charter to make this appointment. Council President Hallum and Council Vice President Kline recommended Ms. Monaco to him. She is completing the employment vetting process. Her appointment is contingent on her passing that process. She will then be coming on board to relieve Mrs. Majeski of the Council Pro Tem duties.
- The 2020 Budget was distributed to Council on Monday. It will be discussed at Council meetings and committee meetings. Mayor will be working with Council to get any answers they need and encourages residents with budget questions to ask Administration. It is planned that Three Readings will be done before the budget is approved. In the future, Mayor would like to put a process in place whereby the budget is presented in the fall and the 2021 budget would be passed with a process where we can start earlier and get input with Three Readings as well.
- Two new PD cars have arrived and we are awaiting new equipment arrival then installation.

- Two bid openings this week – Fire Department Self Contained Breathing Equipment (SCBA) bid from Finley Fire Equipment recommended to be approved by Fire Chief Gandee. This will be put to Council at the next meeting and Three Reading rule will be asked to be waived because of the 30-day price guarantee. Asphalt and limestone bids were also received and Council will be receiving the lowest and best bid recommendation at the next Council meeting as well for the 2020 Road Program.
- Snowplow map routes are now available on the City website and give our residents a plan for snow removal in our city.
- Pool pass subsidy with Willoughby Pool is being reviewed. We are reviewing alternatives and will be presenting that to residents soon.
- Republic Services yard waste collection proposal is being reviewed and has been presented in a recent Council Committee meeting. All current customers will be given the information on the program which includes collection of grass clippings, leaves and branches at the rate of \$28 per year, collected at the rate of \$2.33 every month. The collections would be available during the months of April through November. There will be Public Hearings over the next few weeks, with the First Reading of the Ordinance on tonight’s agenda and subsequent discussion at Council of the Whole meetings. We would like to adopt it at the second meeting in March. Please give us your comments, positive or negative. The leaf pickup will be continued. The brush pile will not be continued.
- At the Committee of the Whole Meeting on Monday, Grange rules and regulations were discussed briefly and Councilman Jarmuskiewicz has taken the lead to work on this. Any input should be directed to him.
- At the Committee of the Whole Meeting on Monday, WHISPER rules and regulations for anticipated program reinstatement were discussed briefly and Councilwoman Taylor Draper has taken the lead to work on this with the assistance of Vice President Kline. Any input should be directed to them.
- Recreation Events – Pancake Breakfasts, March 8 and March 15 from 8:30 to 1:30 P.M. Tickets and volunteer forms are available.
- Senior Potluck on March 17 will have Mayor’s State of the City Address. All welcome to attend.
- Deer Management Program will be continuing through mid-March. Please heed safety signs.
- ODOT project – The realignment of the bridge over I-271 northbound to I-90 westbound (the bridge that goes over Eddy Road and then is referred to as “the high bridge” going over I-271) will start with setup on March 2, with full mobilization on March 9. During the project, Eddy Road will be closed to eastbound traffic from Bishop Road to SOM Center. That will go from late April/early May for a maximum of 120 days. Traffic will be detoured to Chardon Road. That work should be done by the

end of 2020, leaving demo and cleanup work to be done in 2021. Also, in 2021, we expect that the Eddy Road bridge over 271 will probably be replaced. Questions may be directed to City Hall.

Questions/comments following Mayor's Report: (Audio: 20:46-22:09)

Councilwoman Fellows said she was well aware of the Charter requirement for appointment of Council Clerk and supported tonight's ordinance; however, she wanted to ask the Mayor why only two Council members were permitted to make a recommendation for the appointment and not all of Council. **Mayor Gardner** responded that his intention was to advise Council that those were the two individuals who recommended the candidate to him to make the appointment, not that they voted. **Council President Hallum** further clarified that since it was beyond thirty days, by Charter, the Mayor makes the appointment and the entire Council did not, therefore, interview the candidates.

FINANCE DIRECTOR'S REPORT (Audio: 22:14-22:27)

No report. Finance Director Brichacek was not in attendance due to a death in his family, as reported by **Council President Hallum**.

CITY ENGINEER'S REPORT (Audio: 22:30-22:42)

COMMITTEE REPORTS (Audio: 22:45-31:52)

Finance Committee: (Audio: 22:45-24:08)

Council Vice President Kline reported on the Finance Committee meeting of Monday, February 24, 2020. There were two things discussed: 1) Budget – Finance Director Brichacek distributed the budget to all Council members and Mayor. Mr. Brichacek will be on vacation next week but everyone was encouraged to review the budget in the interim, and 2) ComDoc contract – still under review for overage copies and the “per copy” rate, but the proposal includes a buyout of the other company's equipment and would maintain the same monthly rate that we are currently paying.

Council of the Whole Committee: (Audio: 24:16-31:52)

Council President Hallum reported on the Council of the Whole Committee meeting of Monday, February 24, 2020, attended by all Council members except **Councilwoman Fellows** who was out of town on business, and **Mayor Gardner**. All of the Ordinances were reviewed:

2020-11 – Street Rehab – no discussion other than we have plenty of time to review this with Three Readings.

2020-12 – Republic Services Yard Waste Collection Proposal – presentation done by Executive Assistant Gloria Majeski and Road Superintendent Mark Grubiss to explain the specifics of the program. Leaf pickup will be continued. Public Hearings will be held for public input and questions.

Grange – **Councilman Jarmuszkiewicz** will be reviewing this and putting together a recommendation and will be speaking with the Law Director.

New Key Policy – A new policy has been established and all are encouraged to complete the required form.

WHISPER – **Councilwoman Taylor Draper** is taking the lead on this and will be working with the Law Director and others to discuss necessary steps and returning to Council with a proposed Ordinance.

Grant Team – **The Mayor** is establishing a Grant Team made up of City officials and Council as a collaboration of resources to obtain grants to assist with City funding.

Alcohol Permit Renewals – The City is required to review alcohol sales permit applications and renewals. We will be working with the Law Director to put a process in place to better review and handle these in the future.

2020-13 – Fixing Salary and Compensation for Council Clerk – This Ordinance sets a table for the pay rate of the Clerk of Council. It fixes salary and benefits and fixes hours for compensating vacation days and holidays (4 hours versus the previous 7 hours).

2020-14 – Sewer Rehab – Discussed by Mayor; is on First Reading tonight.

2020-15 – Budget Ordinance – on First Reading tonight; encourages discussion with Finance Director to get a good “one on one” understanding. The Finance Director stated that the budget is currently a \$100,000 surplus, but is not representative of whatever changes occur as a result of the union contract negotiations currently underway. He also stated for the first time in recent years, the City is virtually fully staffed, Police, Fire, Safety and Administration.

Public Portion – 1) resident recommendation to keep the Grange strictly for scouts, 2) resident recommendation to make Council of the Whole Committee audios available, 3) resident stated concerns about bringing WHISPER back without proper controls, 4) resident stated “bring WHISPER back now” and “fine tune it afterwards”, and 5) resident recommended to have public input on yard waste.

BOARDS & COMMISSIONS REPORTS (Audio: 31:59-33:02)

Recreation Commission: (Audio: 32:02-33:52)

Councilman Jarmuszkiewicz said no formal Recreation meeting, but reminded all of the upcoming Pancake Breakfasts. Encouraged attendance, ticket sales and volunteerism.

NEW BUSINESS (Audio: 42:27-58:14)

Liquor Control Permit Renewal – **Council President Hallum** explained that the Council was in receipt of a liquor license renewal (“Notice to Legislative Authority Agency Application”) for Willoughby Wine & Spirits, Inc., DBA Vault Wine & Spirits (Save on Cigs), 27700 Chardon Road, Willoughby Hills, OH 44092. The Police Department had received a similar form and returned it indicating they would not be requesting a hearing based on the fact that the Police Department did not have any records of incidence at that location. The form is due by March 9th, which is before the next Council meeting. The form was to be signed by the Council Clerk. Various options were discussed on how to handle this permit and similar permits that would be received in the future. **Law Director Lucas** stated that the Clerk of Council is the one that generally responds whether or not there is an objection by Council. **Council President Hallum** clarified that Police and Fire could give the Clerk their input before signing off that no hearing is being requested by the legislative body. The Clerk should send this out to all of Council, Police, Fire and Administration to see if there are any objections and they could then proceed with a motion to allow the Clerk to return the application to either request or reject a hearing. **Law Director Lucas** said we could request a hearing and then withdraw the request for the hearing; however, the business would be notified. If the City does not respond at all, the Division of Liquor Control will assume that there is no objection.

Mayor Gardner clarified that this Council is not actually “authorizing renewal” but rather “indicating that no hearing is requested for the renewal. A motion had been made by **Councilwoman Fellows**, seconded by **Councilman Jarmuszkiewicz** that was withdrawn so that the wording could reflect this clarification for the motion. A proper motion was then made as follows:

Motion was made by **Councilwoman Fellows**, seconded by **Councilman Jarmuszkiewicz** to authorize the signing of the “Notice to Legislative Authority Agency Application” for liquor license renewal for Willoughby Wine & Spirits, Inc., DBA Vault Wine & Spirits (Save on Cigs), indicating that no hearing is being requested for the renewal” based upon the fact that there were no objections from the Police Department.

Roll Call: AYES: Knecht, Majka, Taylor Draper, Fellows, Hallum, Jarmuszkiewicz and Kline

NAYS: None

Vote: 7/0

Motion carries to authorize the signing of the “Notice to Legislative Authority Agency Application” for liquor license renewal for Willoughby Wine & Spirits, Inc., DBA Vault Wine & Spirits (Save on Cigs), indicating that no hearing is requested for the renewal.

WHISPER Program – **(Audio 54:13-57:48) Councilwoman Taylor Draper** reported that she does not want people to be discouraged from what they have heard about WHISPER. It is a good program. Many people needed it. She felt sorry for the people she met during her campaign with walkers and oxygen who needed help with leaf raking and other chores. This program was investigated and nothing was found by the Bureau of Criminal Investigation, the Lake County Prosecutor, Lake County Job and Family Services, and the State Auditor. When the investigation vindicated the program, for some reason it was never reinstated. She felt that was irresponsible and she is in favor of “putting guardrails” to put some safety mechanisms in

place because it is worth it and our seniors are worth it. They need to have what they need to stay in their homes and they deserve it. **Councilwoman Taylor Draper** then gave a formal public apology to Gloria Majeski and her family for everything “you have gone through. You have been vindicated.” She offered the public copies of any of the reports that should serve to show that the program should be brought back and she will work with this in the Council of the Whole Committee in the future.

Grange Building – (Audio: 57:50-58:14)**Council President Hallum** stated that **Councilman Jarmuszkiewicz** will be working with **Law Director Lucas** to put something together regarding Grange rules and regulations.

PUBLIC PORTION #2 (Audio: 58:17-1:02:30)

An opportunity for the public to address Council with any comments, issue or concern.

Public Portion opened at 7:58 p.m.

Anthony Camino, 2972 Lynn Drive, Willoughby Hills, OH - Mr. Camino asked: 1) with the Salvation Army closing and the presence of the Police Substation, there have been remarks on social media that these actions are a result of increased crime in the area. When he went on the website, he was unable to bring up any statistics about crime in that area and would appreciate having that information posted to keep the residents informed, and 2) the W-E School Levy “is pretty important” and it will have a tremendous impact on our city. Anything that we can do to promote the levy and getting people out to vote would be appreciated. Council can be courageous and speak their voice on the levy, but we should look at the future of how it will affect our property values and people wanting to move in to our community.

Jenna Bing, 36951 Beech Hills Drive, Willoughby Hills, OH – Ms. Bing, in looking forward (rather than looking back to the past) regarding WHISPER, asks about the qualification of being WHISPER eligible. Will it be for low-income seniors or anyone who asks or is disabled? What will the criteria be? Also, Ms. Bing said that she did not believe we should not offer the Grange to for-profit veteran groups, but clearly spell out guidelines and set guardrails.

Public Portion closed at 8:02 p.m.

Comments following Public Portion: (Audio: 1:02:44-1:05:16) **Councilwoman Taylor Draper** informed Ms. Bing (and all residents) that if they cannot make a meeting to speak publicly, they are welcome to write down any concern and email it to her or any Council member and they will address it at the meeting.

Council President Hallum agreed that we welcome the public input for ideas and solutions.

Councilwoman Fellows stated that another community (North Perry Village) had visited Mrs. Majeski to talk about WHISPER and perhaps **Councilwoman Taylor Draper** could reach out to them to see what guidelines they have put in place. **Councilwoman Taylor Draper** stated that she is seeking all information in reinstating the program.

Mayor Gardner advised resident Anthony Camino that the City's Police Department used to have a tracking system in place, but has not had it since moving to the EOC. He will check with the Police Chief to see if we could perhaps summarize the crime activity by location and put it on the website regularly. In addition, he indicated that he was in support of the W-E School levy and had participated in a video supporting the levy with area mayors. Mayor agrees with him on the impact it has on our community and spoke to support it at the recent State of the Cities event.

FOR THE GOOD OF THE ORDER/FOR THE GOOD OF THE COMMUNITY

(Audio: 1:05:20-1:06:04)
