

Beginning August 26th– T-REX PLANET will land at the Shoppes Of Willoughby Hills in Willoughby Hills, OH. There will be a range of fun and engaging activities designed to appeal to and engage all members of the family. This event simulates what it would be like to experience the Jurassic, Triassic, and Cretaceous periods first hand. “Tracey” (a young T-Rex) greets guests @ 12pm, 3pm, and 6pm, and can be found walking and playing around the exhibit during those times. The main exhibit features life size ultra-realistic animatronic dinosaurs; over 40 life like dinosaurs in all with the rides and the skeletons. Children can look at these creatures, learn about them and even ride a few. It features realistic scenes, enormous dinosaurs, cute baby dinosaurs, a Dinosaur band, and lots of fun activities for children of all ages. There’s even a fossil dig where young paleontologist can dig up ancient bones, a “Dino Bounce” area with dinosaur theme inflatable bounce houses and much more!

**-General admission for Adults is \$20/adult.**

**-General Admission for Children (ages 1-12) is \$25/child and it includes tour of the Dino exhibit plus you get unlimited access to our Fossil Dig and Bounce Castles area and to our basketball and darts games and Dinosaur Band, and unlimited access to our Dino Theatre.
