

MAYOR'S REPORT

JUNE 2016

By Mayor Robert M. Weger

June and July will be busy months for the Cuyahoga County Airport, which may slightly impact the residents of Willoughby Hills. The Republican National Convention (RNC) will be coming to Cleveland in July and will result in much more air traffic than usual. During this time, the Noise Abatement Rules (no flights between 11 p.m. and 7:00 a.m.) will be suspended in order for all of the air traffic to be able to get to their destinations for the RNC. I appreciate your residents' patience during this time and you can rest assured that this is strictly a temporary inconvenience.

Shred Day in Willoughby Hills was a huge success, with many residents coming to City Hall to dispose of old records. We plan to do this yearly for our residents. It is also the time when we do a "spring cleaning" of our City records. This is required by law and I am glad that we are on a good shredding rotation to be able to follow that plan on a yearly basis.

The City of Willoughby Hills participated in United Way of Lake County's Day of Caring. During this time, we were able to help seniors by doing gutter cleaning, power washing and painting. Thanks to all who made this a great success. If there is a project you would like considered for next year's Day of Caring, please notify my office so we can consider it as a 2017 Day of Caring project.

Just a reminder that Willoughby Hills will host a "Day at Classic Park." It is a good time to bring your family out for some great baseball and a lot of fun. Fireworks will also be featured after the game.

In closing, just a reminder to be safe as there is more traffic during these summer months and many motorcyclists. Drive safely!
