Lake County to Expand COVID-19 Eligibility and Offer New Appointment Search Tool

As a result of expanding COVID-19 eligibility and an increase in weekly COVID-19 vaccine allocations, Lake County General Health District (LCGHD), Lake Health, and the Lake County Emergency Management Agency are announcing the expansion of COVID-19 vaccine appointment scheduling with the ArmorVax scheduling system.

On Friday mornings, vaccine appointments for the following week will be available in ArmorVax. Notice of clinics will also be posted at www.lcghd.org, on LCGHD's Facebook and Twitter sites, and announced via LCGHD's weekly situation report. Lake County residents who currently qualify to receive the COVID-19 vaccine can create an account with the ArmorVax scheduling system by visiting www.armorvax.com. Once an account is created, eligible users will be able to search for available vaccine appointments.

Important tips for creating an ArmorVax account include the following:

- Use a unique email address for each person creating an account.
- Be certain to select your eligible occupation and/or condition when creating an account.
- Do not attempt to create an ArmorVax account until your eligibility is announced - you will not be able to schedule an appointment.
- Individual identification and proof of occupation is required for all vaccine appointments.

Those needing assistance with making appointments may call (440) 350-2684 on Mondays and Tuesdays, between the hours of 8:00 am to 4:30 pm.

Date: March 3, 2021
