

MAYOR'S REPORT  
JULY 2011  
By Mayor Robert Weger

After many days of rain, we are now experiencing extreme heat in the City of Willoughby Hills. Knowing that many of our homes do not have air conditioning, let me remind you that the Community Center is available to our residents as a way to escape the heat. Whether you choose to spend some time at the Willoughby-Eastlake library branch, or visit the Senior Room where there are many social activities, we can assure you that it will be a nice place to seek some relief from the heat.

The Lake County Health District has begun spraying for mosquitoes on a regular basis. Please consult our website for specific dates if you want to keep your pets inside during this maintenance.

Plans are currently underway to do culvert replacement and asphalt paving on Eddy Road, from Route 91 (SOM Center) east to River Road. Eddy Road will be closed in four phases, beginning Monday, August 22, 2011, and ending Thursday, September 1, 2011. Completion date of the project is planned for October 14, 2011. The contractor will do their best to maintain traffic and cause the least amount of inconvenience to the residents in this area. It will be nice to have this road paved prior to the inclement weather as it will provide for better, safer travelling.

Two events that you will not want to miss in the City of Willoughby Hills include the city's Annual Flea Market on Saturday, August 20, 2011 and the Community Touch-A-Truck on Saturday, August 27, 2011. Mark your calendars now as both of these events promise to provide hours of enjoyment for the entire family.

Thanks to all our baseball and softball coaches, players and parents for a great season.

As we enter into the month of August, our City Council will be in recess. This is a great opportunity to say "thanks" to them, too, for their fine work and dedication throughout the year. It is a pleasure working with such fine individuals and makes my job as Mayor much easier and enjoyable. I encourage them to enjoy their month off of City business and look forward to resuming our Council and Committee meetings in September.

In closing, I hope all of our residents enjoy the final months of summer and take some time to enjoy the warm weather.
