

MAYOR'S REPORT
JULY 2010

After a week and a half hiatus, work has resumed on Maple Grove Road. The construction crew still looks forward to project completion before school starts at the end of August. Area C work continues to move forward on White Road.

Girls Softball and Boys Baseball in Willoughby Hills were a huge success. One team from each of the leagues went on to win the Championship in their age brackets. Congratulations to all the participants in this Recreation Program.

As we have completed our first quarter with our new trash and recycle provider (Republic Services), we will be offering our residents a magnet with the recycle schedule. This will assist the residents in remembering which weeks of the month the green recycle bin should be put out for pick up. These magnets were made possible by way of our recycle funds from the County.

We have planned a Town Hall meeting for August 25, 2010, at 7 p.m. at the Willoughby Hills Community Center. The primary purpose of this meeting will be to discuss the financial situation of the City of Willoughby Hills. With the city tax increase on the November ballot, we wanted to offer our residents an opportunity to learn what has already been done in the City to reduce expenditures, as well as have a chance to ask any questions they may have prior to the November election. All residents are asked to bring their questions and concerns to the meeting. Any other issues you may have about the City can also be addressed at this meeting.

In addition to the Town Meeting, please remember that my door is always open to discuss any questions or concerns you may have or may wish to discuss one on one. Please call my office at 440-918-8730 if you would like to set up a meeting.

Council will be in recess for the month of August. In the meantime, I hope you continue to enjoy your summer.
