### COMMITTEE MEETING OF JUNE 13, 2013

**Members Present:** Councilman Kevin D. Malecek, Chair, Councilman Christopher L. Biro, Vice President Nancy E. Fellows

**Also Present:** Councilman David M. Fiebig, Councilman Frank A. Germano, President David A. Reichelt, Mayor Robert M. Weger, Finance Director Frank Brichacek

Purpose of the Meeting was to discuss City Finances and any other business.

**Meeting convened at 6:05pm**

#### *Order of Business*

**Ordinance No. 2013-25 - \$250,000 Bond for Road Repairs – Gatsby, Kristen, Hanna**

New Money – requires that it cannot be enacted 30 days after the legislation is introduced. After Council authorizes the Ordinance, will go out for Bid on the Project – bumping up against the July 4<sup>th</sup> Holiday. Future year streets budgets –

projects done several years ago. Last payment on existing Debt – Cushion budgetary impact of the new Note. Paying the new Note down in 2015 – Final Payment. Presented Council Clerk with estimated useful life of the Assets. Maturity would be close to maturity of existing Note – combine this Note in with existing Note. Minimizes Issuance Cost. Cannot Bid the Note until after this passes, once the Note is passed – underwriter can market the issue. Once sign the Purchase Agreement.

**Recommendation to Adopt after Third Reading at next Council Meeting (Regular Council Meeting of June 27<sup>th</sup>)**

**Ordinance No. 2013-28 – Re-appropriations Ordinance**

Appropriating monies so Pleasant Valley Road Bridge resurfacing can go forward. Lake County Stormwater Management – monies allocated for specific projects. Put forth ton limit on it – four ton on one side, eight ton on the other side.

**Recommendation to Waive Three Reading Rule and Adopt at tonight's Council Meeting (Regular Council Meeting of June 13<sup>th</sup>)**

**Tax Budget – On for next Council Meeting; to be passed by July 25<sup>th</sup> Regular Council Meeting**

Like to if possible – July 11, 2013 Regular Council Meeting. Public Hearing to proceed Council Meeting on the Tax Budget – Primary purpose is to demonstrate that we need to Levy our Property Taxes. Do not really rely for Budget purposes – 7.3 mills are authorized. Budget Commission – show deficit in Tax Budget.

**Pension Board – Pension Revisions – Police and Fire Pension Contributions**

Need to re-adopt the Pickup Ordinance. Employees Contributions. Plan to have that for the Regular Council Meeting of June 27<sup>th</sup>.

**General Status of Finances/Health Care Plans for 2014**

In the process of dealing with Health Care providers – currently covered by Anthem – came back with a 49% increase – over 200k a year cost to the City. Went back to market – given our history – three large providers declined coverage. Identified Kaiser – provided with a proposal of annual about 10k over what we are currently paying to Anthem. Anthem came back with a 22% increase – that proposal would cost about 100k more a year. Kaiser proposal, the benefits are comparable. Any final decision has to be approved by Health Care Committee. Half this year and half in 2014 – Budget had prepped for 20% increase. No increase for Gap Insurance in Budget. Kaiser – decrease of 34k. Anthem proposal does not change level of Health Care deductible levels. Kaiser proposal lowers deductibility for employees.

Reichelt – Gap Coverage reduced, but Kaiser still a slight increase. Will need to appoint a Council Representative to be on the Committee. Monday, 10:00am. Council President Reichelt or Councilman Biro will represent at the meeting.

**Internet Café**

Three in the City right now – still planning to stay in business as the referendum. In general doing well on expenses side – salt consumption was higher than anticipated – significant thing on the Agenda. Difference – Expenditure Adjustments – Budget was so tight. Income Tax seems to be running on target. Estimate for changes in the Taxpayer Base – hopeful to have some spike in collections.

**Clover Development**

Frank needs more time to devise any type of numbers – cautious to come up with dollar figure. It is about usage and consumption. One based on utility values – Finance Committee. Neither should be saddled – rational decision about consumptions – and precedent/past practice.

***Public Portion***

**Opened at 6:35pm:** Frank Cihula – Pleasant Valley Road Bridge – has extensive photos of dismantling of old bridge and erection of new bridge. Decking would be photographed as well – is a wood deck bridge with asphalt.

**Public portion closed at 6:36pm**

**Meeting adjourned at 6:37pm**

**PLANNING & ZONING – David M. Fiebig, Chair**

**Committee Members:** Nancy E. Fellows, Frank A. Germano

**COMMITTEE MEETING OF JUNE 13, 2013**

**Members Present:** Councilman David M. Fiebig, Chair, Vice President Nancy E. Fellows, Councilman Frank A. Germano

<b>Also Present:</b> Councilman Christopher L. Biro, Councilman Kevin D. Malecek, President David A. Reichelt (arrived at 5:31pm) Mayor Robert M. Weger (arrived at 5:33pm)
Purpose of the Meeting: <b>Presentation to be given by Amy Holtshouse Brennan, Director of the Chagrin River Watershed Partners</b> and any other business.
<b>Meeting convened at 5:30pm</b>
<i>Order of Business</i>
<b>Presentation from Amy Holtshouse Brennan, Director Chagrin River Watershed Partners regarding Willoughby Hills Stormwater Retrofit Demonstration at the Willoughby Hills Community Center and Library Funded by Ohio EPA Surface Water Improvement Fund 9SWIF) Grant.</b> CRWP's proposed monitoring of the stormwater retrofits in the Community Center Parking lot will incorporate pervious pavers into two sections of the parking lot. CRWP has funding to monitor several stormwater practices to better understand how they function and ultimately to better design and maintain these systems. This monitoring is part of a larger project that includes many different components. More information is available on our Website at <a href="http://bit.ly/11kF2KA">http://bit.ly/11kF2KA</a>
<b>Background:</b> The City of Willoughby Hills was awarded an \$80,750 Ohio Environmental Protection Agency Surface Water Improvement Fund Grant in 2012 to construct 2,500 square feet of bio retention and 2,400 square feet of pervious paver stormwater retrofits within the Willoughby Hills Community Center and Library parking lot located at 34500 Chardon Road to demonstrate the benefits of stormwater retrofit best management practices to public officials, local commercial business owners and the over 50,000 local residents who visit the Community Center annually.
This project will also be part of CRWP's National Estuarine Research Reserve Science Collaborative Research Initiative that seeks to validate the effective stormwater runoff reduction capacity of infiltration practices such as bio retention cells and pervious pavements. The Willoughby Hills Community Center project, which is scheduled for construction in 2013, will be instrumented with monitoring equipment to measure hydrologic characteristics of the project as well as climate data specifically for the site, all of which will be utilized to model stormwater runoff quantity reduction capacity based on projected climate change scenarios. <a href="http://bit.ly/143T6tW">http://bit.ly/143T6tW</a>
This helps promote the infiltration of stormwater. Use of bio-retention and monitoring, used in Solon, Russell, in 2009 saw a reduction of 33%; in 2010, a 60% reduction in runoff. Have Grant – CRWP/NERR Science Collaborative Project. Data used to better inform how these practices are working, and how to regulate them. Various entities have differing methodology. Also to collect for maintenance impact research. Have 6 sites – WH is one of six. Map, diagram, displayed. How much water comes through, and into the pipe, soil sensing meter into the gravel. Device is a V-notch weir box – gathered by HOBO data loggers. Will also detect salt concentration. Contractor Biohabitats, Inc. in Little Italy and No Carolina University. Above ground – Placed in a wood box and weather station.
<b>Required of the City:</b> CRWP needs to be involved at construction. Want records of sweeper or plowing. She discussed with Nate. Chairman Fiebig: Asked for a copy of PowerPoint Presentation and will request Administration to provide on the City Website. Who is contracting? On Agenda soon. Clarified that nothing special treatment-wise for City Service Crew. Nate will log plowing, etc. <u>Reichelt:</u> Aware of Veterans Memorial? – Yes. <u>Biro:</u> How long in place? Thru November 2014, Bricks permanent? – Yes.
<i>Public Portion</i>
<b>Public Portion opened at 5:54pm:</b> Residents Dona Kautz, Lillian Windrows had questions that were clarified. (Do they leave pavers after the testing – Yes; and who benefits from this testing)
<b>Meeting adjourned at 6:00pm</b>

## **RULES & LEGISLATION – David A. Reichelt, Chair**

**Committee Members:** Nancy E. Fellows, Kevin D. Malecek

<b>COMMITTEE MEETING OF JUNE 10, 2013</b>
<b>Members Present:</b> President David A. Reichelt, Chair, Councilman Kevin D. Malecek
<b>Also Present:</b> Councilman Christopher L. Biro, Councilman David M. Fiebig, Councilman Frank A. Germano, Councilman Raymond C. Somich, Mayor Robert M. Weger
Purpose of the Meeting was to discuss <b>Pending Legislation</b> and any other business.
<b>Meeting convened at 6:34pm</b>
<i>Order of Business</i>
<b>Ordinance No. 2013-14</b> – An Ordinance setting a mandatory retirement age for Police and Fire personnel. The Committee has received contradicting information about this Ordinance and has determined that the Ordinance is not viable in its present form. The Chairman will confer with the Law Director for direction on the best manner to dispose of

the Ordinance without putting up for a vote by Council.
<b>Ordinance No. 2013-25</b> – Providing for the issuance and sale of notes for road projects. This week will be the second of three readings of this Ordinance. Councilman Fiebig suggested, and the Committee agreed, to amend the Ordinance to read as follows (in both Section 1 and in the Caption): to pay the costs of rebuilding and resurfacing various roads within the City, including <i>all of Hanna Road and portions of Gatsby Lane and Kristen Court</i> , and all necessary appurtenances thereto. The Ordinance will remain on Second Reading at this week’s Council Meeting (June 13, 2013) and will be discussed further at the Finance Committee Meeting on June 13, 2013.
<b>Ordinance No. 2013-28</b> – An Ordinance to amend Ordinance No. 2013-13, adjusting the budget allocations to maintain positive account balances, as routinely done throughout the year. Although the Ordinance will be discussed further by the Finance Committee on June 13, 2013, it was the consensus of the Committee to waive the Three Reading Rule and recommend Adoption at Thursday’s Council Meeting (June 13, 2013).
<i>Public Portion</i>
<b>Public Portion was opened at 6:50pm and with no one coming forth, was promptly closed at 6:50pm</b>
<b>Meeting adjourned at 6:51pm</b>

**SERVICE – Nancy E. Fellows, Chair**

**Committee Members: Frank A. Germano, Kevin D. Malecek**

**UTILITIES – Frank A. Germano, Chair**

**Committee Members: David M. Fiebig, Raymond C. Somich**

<b>SERVICE/UTILITIES - COMBINED COMMITTEE MEETING OF MAY 13, 2013</b>
<b>Members Present: Vice President Nancy E. Fellows, Chair, Councilman Frank A. Germano, Councilman Kevin D. Malecek, Councilman David M. Fiebig, Councilman Raymond C. Somich</b>
<b>Also Present: Councilman Christopher L. Biro, President David A. Reichelt, Law Director Thomas G. Lobe, City Engineer Pete DiFranco, Mayor Robert M. Weger</b>
Purpose of the Meeting was to review <u>City Engineer Status Reports and City Engineering Projects</u> and any other business.
<b>Meeting convened at 7:33pm</b>
<i>Order of Business</i>
<b>Review of City Engineer Status Report of May 2, 2013</b>
Veterans Memorial Park – The gazebo, bridge and benches are in place. Look to modify bridge. This is certainly an enhancement to our City.
<b>Rogers Road Slope Stabilization</b>
City Engineer DiFranco has coordinated with CT and Marous for repairs which have been completed. We have requested and are awaiting a final report from CT Consultants. The Mayor indicated that our request for \$94k and \$60k from Lake County Storm Water Management has been already approved for this project. A waiting a written 2 year warranty.
<b>Euclid Creek East Branch (Lamplight Lane)</b>
City Engineer DiFranco has had discussions with the Mayor and Tim Miller from Lake County, reviewed CT’s initial report from 2000 with more recent plans within the last year that have included a Dike Structure. Area is identified as a Flood Plan. City Engineer would like to review the Dike Plans for cost and efficiency. May proceed with replacing a larger culvert, but look to other ways to mitigate flooding. Also, look toward downstream concerns as well.
<b>Knecht/O’Brien Culvert on Eddy Road</b>
This is a situation where a culvert was installed by a resident that has collapsed. Now water floods backyards onto Eddy Road. Plans to repair – must be restored as original condition with conservation easement. Project to remove concrete. Lake County Storm Water to Fund - \$200,000. Need authorization for design and bidding to replace the two culverts on Lamplight.
<b>Cricket Lane</b>
The storm sewer on the Westside over flows. Nate is looking to sublet this job out. Our cost of \$24,500 will be reimbursed by the Lake County Storm Water Management Program.
<b>2013 Pavement Markings</b>

Project awarded to Pat Flowers for a cost of \$26,535.10 (Council already approved). To begin May 20 <sup>th</sup> with a two month finish at July 20, 2013.
<b>Maple Grove and Dodds Landing Pavement Projects</b> Bid opening May 23, 2013
<b>Euclid Creek Tributary Watershed Sanitary Sewers</b> In depth discussion concerning the back flowing of water from behind Giant Eagle with subsequent basement flooding on Bishop and in Strafford Place on Chardon. Currently there is no plan in place as many options need to be considered along with cost. An underground holding tank behind Giant Eagle most likely to be considered first, then look for continued correction. There are also issues aligned with storm water infiltration.
<b>Maple Valley Subdivision</b> Proposed subdivision, City Engineer is working with developer, engineer and architect. City Engineer will be reviewing the storm water calculations from the developer to resolve storm water issues and concerns.
<b>Clover Congregate Senior Living Care</b> This project is still in the Planning Commission stage.
<b>Pleasant Valley Road Bridge</b> The City has been contracted by the County Engineer; suggested that the bridge be closed during the winter months. Corrosion has been noted, and it may be from salt interacting with the steel. Load rating should be inspected every two years. The County has a responsibility to inspect all bridges; the City owns the bridge, therefore, responsibility of maintaining the bridge lies with the City. Discussion is to follow with the County's Bridge Expert and the company that restored the bridge.
<b>Rosewood Trail</b> A City culvert pipe overflowing has caused erosion near a home (this is part of the Euclid Creek Project).
<b>Fowler Drive</b> Lake County Stormwater Management to review creek near Sturgil's home for proper drainage.
<b>Additional Road Projects</b> (1) <b>Gatsby</b> – the pavement at the intersection of Gatsby and Kristin needs repair, estimated cost is \$108,000 which should include contingency, design and engineering. The concrete (material) and labor are to be bid out. (2) <b>Hanna</b> – this is an asphalt road to be overlaid with 2" of new asphalt. A portion from Parsons to the cul-de-sac needs to be widened and will be done by our Service Department. Need to look for Funding (a Short-Term Note), to borrow \$250,000 and pay it back in 5 years with Road Levy monies. <b>Committee recommends to Council to check with the Finance Director for funding this Project.</b> (3) Lastly, the City is looking to repair <b>Glen Kyle</b> cul-de-sac with high strength dura bond to fill in the cracks.
<b><i>Public Portion</i></b>
<b>Public Portion was opened at 8:45pm</b> The following people came forth with questions/comments: Mr. Ujcich from 2926 Bishop Road spoke on behalf of his mother; shared his concerns from the Interceptor and Euclid Creek flooding their basement. Occurred – 6 months after the tie-in. They are seeking financial assistance from the City. Frank Cihula commented on widening Hanna when repaving is implemented. <b>Public Portion was closed at 9:16pm</b>
<b>Meeting adjourned at 9:27pm</b>

**UTILITIES – Frank A. Germano, Chair**

**Committee Members:**

**David M. Fiebig, Raymond C. Somich**

<b>Members Present: Councilman Frank A. Germano, Chair, Councilman David M. Fiebig, Councilman Raymond C. Somich</b>
<b>Also Present: Councilman Christopher L. Biro, Councilman Kevin D. Malecek, President David A. Reichelt, City Engineer Pietro Di Franco, Economic Development Director Steve Roszczyk, Mayor Robert M. Weger</b>
Purpose of the Meeting was to discuss <b>City Finances</b> and any other business.
<b>Meeting convened at 6:51pm</b>
<b><i>Order of Business</i></b>
<b>Senior Congregate Care Facility – Clover Development</b> Discussed sewer tap-in fees. Clover asked for a reduction in Tap-in Fees based on 100 gals per unit. <b>Consensus of the Committee is to refer this issue to the Finance Committee to determine what reduction in Tap-in Fee, if any.</b>

***Public Portion***
