

August 26, 2020

CONSTRUCTION NOTICE:

Please be advised that Schirmer Construction LLC is under contract with the Ohio Department of Transportation (ODOT) to perform repair work on State Route 174-03.75 Slide Repair Project, in Cuyahoga County. The jobsite is located on the east side of Chagrin River Road, just south of the intersection with Rogers Road.

One lane of traffic in each direction will be maintained through the intersection via use of temporary traffic signals. Onsite work will begin in late September 2020 and be completed in December 2020. Onsite work will generally be performed from 7:00 AM to 5:30 PM, Monday through Friday, with occasional weekend work, as necessary.

It is anticipated that travel times through the area will be increased and the public is encouraged to avoid the area if possible. Construction equipment and material deliveries will be frequently pulling in/out of the construction zone. Please pay close attention to your surroundings and activities on the road while driving through the area for your safety and the safety of our employees.

We understand that this may be a short-term inconvenience, but we appreciate your patience.

Respectfully Submitted,
SCHIRMER CONSTRUCTION LLC

A handwritten signature in blue ink that reads 'Brett Iafigiola'.
