Mr. Kenneth Lorenz, Mayor
City of Willoughby Hills
35405 Charden Road
Willoughby Hills, OH 44094

Dear Ken,

As your state representative, I want you to know that I wholeheartedly support City Council's stand against the expansion of the Cuyahoga County Airport into Willoughby Hills. I have written the FAA about this matter, and a copy of that letter is enclosed for you. I will work closely with you to impress on the FAA that such an expansion is unwelcome and detrimental to homeowners in Willoughby Hills.

I take great pride in ensuring that the communities in my district are able to experience a high quality of life and that their property rights are protected. I feel the airport expansion is in direct infringement upon the property rights of our mutual constituents. It is clear that there are options available other than expanding into the City of Willoughby Hills and the surrounding communities.

Sincerely,

Lorraine M. Fende /s/

LORRAINE M. FENDE
State Representative 62nd House District
