Re: Willoughby Hills / Cuyahoga County Airport

Dear Pres. Dimora:

I have been retained as special counsel by the City of Willoughby Hills in connection with the Master Plan study undertaken by the Cuyahoga County Airport. The FAA has recently informed us that the proposed draft Master Plan, Airport Layout Plan, and Runway Safety Area Study were withdrawn on March 14, 2007. At this time there is nothing pending before the FAA for review.

My client has requested that I continue to monitor the project. To that end, could you kindly inform me as to the plans of the County Commissioners with respect to any proposed runway extensions or further development? A copy of the letter from the FAA is enclosed.

Thank you.

Sincerely,

David W. Zoll
