COMMITTEE MEETING OF JANUARY 20, 2009

Members Present: Chair David A. Reichelt, Councilman David M. Fiebig, Councilman Frank A. Germano,

Also Present: Councilman Christopher L. Biro, Councilman Raymond C. Somich, Mayor Robert M. Weger, Law Director Thomas G. Lobe

Purpose of the Meeting was to discuss Changes in Zoning Code and any other business.

Meeting convened at 7:31 p.m.

Order of Business

The purpose of this meeting was to discuss proposed changes to the Zoning Code and arrive at a consensus as to their future. Some of them have already been drafted in Ordinance form; others are just suggested language that will need to be developed into that form.

1. The modification of Chapter 1121

Clarifies what happens to zoning conditions when a building is destroyed. This proposed change was recommended by David Hartt, our Planning and Zoning consultant, and has been reviewed by our Law Director.

2. The modification of Section 1111.05

Proposed change would give the Chief Building Official the discretion to waive formal procedures for minor modifications that meet the spirit of the zoning code.

3. The modification of Section 1151.06

Proposed change would allow pole signs on properties zoned B-2 or B-3 located on Bishop Road between I-90 and Chardon Road, and on Chardon Road West of Bishop Road.

4. The modification of Section 1133.10

Proposed change would increase the permissible size of free-standing accessory buildings from 600 square feet to 960 square feet. BZA Chairman Cihula submitted a table outlining an additional option for the calculation. The consensus was to proceed with the proposed change using the standard calculation as specified in the center column of Mr. Cihula's submittal (which is the method currently included in the existing code).

5. The modification of Section 1133.11

Proposed change to amend the regulations for accessory use in single family residential districts as they pertain to the sale and parking of vehicles.

6. The modification of Section 1117.09

Proposed change would relieve zoning variance applicants from the responsibility to generate the list of property owners within 500 feet of the property.

After a thorough discussion and some wording modifications, the consensus was to advance all of the aforementioned items, through the procedure outlined in the Zoning Code Section 1119.02. Some of these items have already been approved by the Planning Commission and others will need to be submitted to them, in Ordinance form. Ultimately, all of them will be brought before Council for formal consideration and there will be public hearings throughout the process, as outlined in Section 1119.

Public Portion

Public Portion – opened at 8:32pm

Frank Cihula – commented on the wording of the proposed change regarding pole signs, prefers ground signs like on Tyler Blvd. in Mentor and in Mayfield. He asked if the committee would consider the change in the definition of lot size that he submitted. (He was advised that this issue was not being considered at this time.)

Linda Fulton – believes it is improper for the Chairman to ask for a unanimous consensus and is concerned about the proposed regulations regarding the sale of vehicles being burdensome on residents.

Bob Kowalsky – it’s the showing of the car, not the selling. You mixed the words up, the laws should be harsher? After how much hardship – you can’t make a law harsher – it’s just like the old Sahara club – that’s the way it works. There isn’t 40 people on Chardon Road showing calls all year long. You find pole signs in Cleveland stating human hair sold here. There all blown out – no good. He took pole signs away all these years and it worked. It’s not going to help them. If you allow them there, they’ll want to do it over here. The Animal Hospital wants a pole sign. You didn’t show this stuff to nobody till right here. Why don’t we just get a King so we can go to see him on Wednesday and he says yes or no or whatever you want. What are you telling me? They should either come and OK fine, or what is it going to say? The Building Inspector said it wasn’t very much, but someone else says it was quite a bit. We know Emerald Lakes – we’re talking about Mr. Stark – he didn’t go after the restrictions? He did it to sell. That’s what that whole deal is about. Can you say there are five people selling cars bothering people? The deal on the State law is it designates you a dealer or not. Are you going after whether a person is a Dealer or not? You say on Commercial? What if Fosters want to put three resident’s cars in there all the time? Or old Ruff’s wants to put a half dozen cars in there all the time? You said you could do it. You told him you should go to those parking lots.

Public Portion – closed at 8:47pm

Meeting adjourned at 8:52 p.m.

RULES & LEGISLATION – Kevin D. Malecek, Chair

Committee Members:

Frank A. Germano, David A. Reichelt

President Malecek deferred to Vice-Chair David A. Reichelt to report on the Rules & Legislation Committee Meeting held on January 20, 2009

COMMITTEE MEETING OF JANUARY 20, 2009

Members Present: Chair David A. Reichelt, Councilman Frank A. Germano,

Also Present: Councilman Christopher L. Biro, Councilman David M. Fiebig, Councilman Raymond C. Somich, Mayor

Robert M. Weger, Law Director Thomas G. Lobe
Purpose of the Meeting was to review Pending Legislation and any other business.
Meeting convened at 7:13 p.m.
<i>Order of Business</i>
In the absence of Chairman Malecek, Vice Chairman Reichelt presided and presented the following legislation:
<u>Ordinance 2009-03</u> Acceptance of a bid from Vasu Communications of Avon, Ohio for the technology portions of the Dispatch Renovation Project, in the amount of \$214,526.31.
<u>Ordinance 2009-04</u> Acceptance of a bid from Xybix Systems, Inc. of Littleton Colorado, for the Dispatch Cabinetry Systems, a portion of the Dispatch Renovation Project, in the amount of \$63,786.
For both of these Ordinances, a bid summary and purchase recommendation was submitted by our Technology Consulting Firm (L-Tronics, Inc). Upon review by the Finance Director, the successful bidder was selected. The Ordinances were then created and are hereby presented to this Committee for consideration.
<u>Point of explanation from Councilman Reichelt:</u> “As a matter of full disclosure, and for the Council record, I want to state that I am the principal of L-Tronics, Inc. and am providing my consultation services on the Dispatch Renovation Project, free of charge to the City, with the approval of the Ohio Ethics Commission and the Office of the Ohio Attorney General, and will therefore abstain from voting on this matter.”
<ul style="list-style-type: none"> • Due to this abstention and the lack of sufficient Committee members present at this meeting, the question of recommending these Ordinances for further consideration was posed to <u>all</u> of the Council Members present at this January 20th Rules and Legislation Committee Meeting. It was their consensus to forward these Ordinances to Council for consideration at their Regular Meeting on January 22nd.
<i>Public Portion</i>
<u>Public Portion was opened at 7:24 p.m.</u> Frank Cihula – questioned the type of new technology that will be employed in the dispatch center project and if the radio console would be connected to the internet. Mr. Reichelt indicated that the new technology would be ROIP (Radio Over IP) and that although capable, it would not be connected to the internet for security reasons.
<u>Public Portion was closed at 7:26 p.m.</u>
Meeting adjourned at 7:26 p.m.

SAFETY – David A. Reichelt, Chair
